

Accredited Mentor Partner for Startup SG Founder Grant

1. How can I apply for the Startup SG Founder Grant through SUSS?

To be recommended for the Startup SG Founder Grant by SUSS, you will first have to be part of our incubation programme – *Alibaba Cloud – SUSS Entrepreneurship Programme*.

2. Can SUSS be my AMP without my participation in the Alibaba Cloud – SUSS Entrepreneurship Programme?

Unfortunately, the entry pitch into the programme is a pre-requisite for SUSS to be your AMP. All startups have to go through the programme before recommendation by SUSS for the grant. Startups that wish to go through SUSS as an AMP should take note of the dates of the entry pitch to ensure that it is within their application timeline.

3. Does SUSS take any equity from startups?

No. We do not take any equity from startups.

4. Does SUSS have any sector or industry focus?

We are sector agnostic.

5. I have incorporated my company more than 6 months ago/ my incorporation is near the 6-month mark. Will I still be eligible to apply?

As the entry pitch into the Alibaba Cloud – SUSS Entrepreneurship Programme is a pre-requisite for SUSS to be your AMP, we will not be able to accept applications for the grant with tight timeline from the date of incorporation. Startups that wish to apply for the grant are encouraged to incorporate their company only after entering the programme and sending in their application.

6. Do I have to incorporate before the application?

No. You can apply for the grant before incorporation. Should the application eventually get approved, you will have to formally register the company.
