

1. Title : CAPTSLAM

Synopsis : Sports Mentoring Across Cultures and Class

In this workshop , Dr Tan Lai Yong and his team of volunteers from the College of Alice and Peter Tan (CAPT) will share about using sports and interactive activity to connect with Singaporean teens from different socio-economic sectors ; giving the undergrads precious insights into themselves, societies and the teenagers that they step up to mentor. We then explore ways to bring this learning experience with us as we venture on overseas service trips with the Singaporean teens.
